Have Occupied Dundee and Boers Retreated to Glencoe.

Scripps-McRae Press Ass'n.

London, May 15.—Buller's dispatch announcing the occupation of Dundee is as follows: "Have occupied Dundee. Twenty-five hundred of the enemy left yesterday for Glencoe, where they are en train for Lagn's Nek. Houses in Dundee were looted and the machinery in Dundee colliery destroyed."

DISTRESSING ACCIDENT.

A Man Falls Into a Whirling Saw and Frightfully Injured.

Charles Cartmell met with a horrible accident at the saw mill on Pete Holmes' farm seven miles west of Edmond yesterday, while removing lumber from the log carrier. By some means he was thrown against the saw, which was going at a rapid rate. He was cut about the head and arms and on the left side, the saw badly lacerating the flesh. The unfortunate man was taken to his home about a half a mile away, and Drs. F. S. Peck and A. M. Ruhl summoned. When they reached him they found he had almost bled to death. The doctors found that the saw had cut a gash on the left side of his head, from above the temple through the ear and down the neck, barely missing the jugular vein. His left arm was cut in three places above the elbow, while the muscles of the fore-arm were almost cut away.

After three hours of hard work, the unfortunate man being under the influence of chloroform, the physicians succeeded in sewing up the wounds, something like 300 stitches being necessary.—Edmond Sun.

Sampsel Resigns.

To John Taylor, chairman of the committee:

Dear Sir: Having views of my own on matters political, which I wish at all times to be free to express, and feeling that my rights are abridged because of my position on the committee, I therefore tender my resignation as secretary of the committee. With the best wishes for the Democratic party I am, Yours truly, J. A. SAMPEL.

"The Strength of Twenty Men."

When Shakespeare employed this phrase he referred, of course, to healthy, able bodied men. If he had lived in these days he would have known that men and women who are not healthy may become so by taking Hood's Sarsaparilla. This medicine, by making the blood rich and pure, and giving good appetite and perfect digestion, imparts vitality and strength to the system.

SHOUTING

Thousand Proposed to go to Philadelphia to Help Tim Woodruff.

Scripps-McRae Press Ass'n.

New York, May 15.—A club of a thousand shouters has been organized here to go to the national convention at Philadelphia and work for the nomination of Timothy D. Woodruff for vice president.

Was Loaded With Jewelry

Oklahoma City, O. T., May 15.—Policeman Kaufman arrested James Rudolph, a 14-year-old boy, yesterday afternoon and found in his possession two gold watches, two watch chains and \$7.70 in cash which the boy had stolen from Mrs. Laura Hill at her home on Reno avenue. James hung around the place this morning and when the lady's back was turned he entered the house, ransacked the bureau drawers and secured the plunder. When the valuables were missed James was suspected, and was soon captured with all the booty in his pockets.

IT WAS Kidney Disease

A COMPLETE CURE AFTER A TOUR, WITHOUT BENEFIT, AMONG THE LEADING LIGHTS OF THE MEDICAL PROFESSION.

The case of FRANCES W. GRESHAM, 617 2nd St., N. W., Washington, D. C., Secretary and Treasurer the Higher League of Educational Society, Washington.

"I firmly believe that I owe my life to Warner's Safe Cure. For two years I suffered with kidney trouble and could find no relief anywhere. I spent hundreds of dollars on doctors and medicines, some would give temporary relief and others none whatever. I decided to try Warner's Safe Cure as a last resort and wish I had followed the advice of friends sooner. It was the only thing that helped me and in less than four months it had made a new woman out of me. I am entirely well and I give all the praise to Warner's Safe Cure."

High Five Club.

The Guthrie High Five Club met last night in the district court parlors and enjoyed a good time. Stewart Briggs won the gentleman's prize and Mrs. J. W. McNeal the lady's prize. Mesdames O. R. Fegan and A. H. Huston scored. Mrs. Jere Johnson of Newkirk, Mrs. R. B. Huston, Stewart Briggs and Frank McGuire were guests of the club.

STOLE A SUIT.

E. E. Kirkpatrick is Arrested Today for Robbery.

E. E. Kirkpatrick was arrested today by Marshal Reynolds upon the authority of a telegram from J. P. Walters at Wichita.

Walters and Kirkpatrick have been boarders at the Brown restaurant. Some days ago Walters lost a fine suit of clothes by having his trunk opened and the clothes taken out. He suspected his friend Kirkpatrick and investigated the matter sufficiently to find that the clothes had been shipped by express to Wichita to Kirkpatrick's wife. Walters went to Wichita, called upon Mrs. Kirkpatrick and found a suit of clothes with his private mark upon them and identified them at his. He then telegraphed Marshal Reynolds today to place Kirkpatrick under arrest. The hearing will be before Judge Foster tomorrow.

Walters is an employee of the Model mills and Kirkpatrick has been working on the Masonic temple.

A gray moustached man produced considerable needless laughter by going to the thermometer during the love scene in the second act at the opera house last night, to see if its normal temperature had increased to any extent. The conduct so frustrated Miss Atwood that she would not appear in the curtain call.

FREE HOMES

After Eight Years of Struggle the Great Boon is Granted.

The free homes bill which passed the house last week was pushed through the senate yesterday afternoon without amendment. While Delegate Flynn is entitled to great credit for the successful issue of the measure, the blessing of free homes could and would have been granted to the people of Oklahoma during Mr. Callahan's term in congress had not certain Republican influences from Oklahoma been brought to bear to defeat the measure. It was determined by these Republican influences that it would never do for free homes to be granted to the people while the territory was represented in congress by an anti-Republican, and with the aid of the Republican majority in that body all efforts to pass the bill were defeated. This is the true story behind all the past efforts for free homes and they are so well understood by our people that they need no elaboration at this time. More than three years ago The Leader pointed out that any free homes bill that was not general in its character and operation could never be enacted into a law, and it urged that all such efforts be abandoned and that a bill general in its nature and effects be substituted. This was finally done, and now we have the supreme satisfaction of realizing the wisdom and policy of such a course, and the people of Oklahoma can congratulate themselves upon the boon of free homes. The passage of the measure was in no sense a partisan political victory, but a glorious and long delayed triumph of the people, and an acknowledgment on the part of congress of the time-honored Democratic doctrine that the public lands belong to the people for homes for themselves and their children. In the LEADER's exultation over the victory it would not withhold from Delegate Flynn the slightest mead of praise due him for the earnestness with which he pushed the measure during the present congress, and it extends to him and congress the warmest congratulations.

Attention Elks.

A special session of Guthrie lodge No. 426, B. P. O. Elks, is called for Tuesday evening at eight o'clock, sharp at Woodmen's hall over Spencer's hardware store for the purpose of transacting most important business. Every member in the city is earnestly requested to be present.

I. B. LEVY, E. R. J. FOUCART, Sec'y.

COINAGE REGULATIONS

Two New Ones Favorably Reported From Committee.

Scripps-McRae Press Ass'n.

Washington, May 15.—Two measures amending the coinage laws have been favorably reported by the house committee on coinage. One of them provides:

"That the foreign gold coins deposited at the coinage mints of the United States and the United States assay office at New York may, in the discretion of the secretary of the treasury be paid for and retained as bullion without melting and that he may in his discretion sell or exchange the same for United States Gold coin at not less than bullion value."

Another bill provides: "That the superintendent of the coinage mints and of the assay office at New York may, with the approval of the secretary of the treasury, but not otherwise, receive United States gold coin from any holder thereof, in sums of not less than \$500 and pay and deliver in exchange therefor, gold bars in value equalling such coin so received: Provided, that the secretary of the treasury may make, in his discretion such exchange without charge, or may impose a charge therefor."

The committee also ordered a favorable report on Secretary Gage's bill for a national bureau of standards.
